#### How did the Fund perform during the reporting period?

The Grandeur Peak Global Stalwarts Fund's Institutional Class ended the twelve-month period from 5/1/24 to 4/30/25 with a +0.97% return. The Fund underperformed the MSCI ACWI Mid Cap Index, which posted a +9.24% return. The positive return is mainly attributed to strong performance in industrial stocks from a sector perspective, and Japanese stocks from a country perspective. The underperformance compared to the benchmark is attributed to a large underweight and underperformance in US stocks. Other detractors were overweights and underperformance in technology and consumer discretionary stocks. Underperformance in financial stocks was the other main sector detractor.
